

YEARS OF INTENSE PAIN.

Dr. J. H. Watts, druggist and physician, Hammond, Neb., who suffered with heart disease for four years, trying every remedy and all treatments known to himself and fellow-practitioners, believes that heart disease is curable. He writes:

DR. J. H. WATTS.

"I wish to tell what your valuable medicine has done for me. For four years I had heart disease of the very worst kind. Several physicians I consulted, said it was Rheumatism of the Heart."

It was almost unendurable; with shortness of breath, palpitations, severe pains, unable to sleep, especially on the left side. No pen can describe my sufferings, particularly during the last months of those four weary years. I finally tried

Dr. Miles' New Heart Cure, and was surprised at the result. It put new life into me and made a new man of me. I have not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it

Three Years of Splendid Health. I might add that I am a druggist and have sold and recommended your Heart Cure, for I know what it has done for me and only wish I could state more clearly my suffering then and the good health I now enjoy. Your Nervine and other remedies also give excellent satisfaction." J. H. WATTS.

Hammond, Neb., May 9, '94.

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 per bottle for \$5.00 or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

DISGUSTED REPUBLICAN

Don't Like McKinley on Account of His Tariff Ideas.

Cincinnati, Ohio, Sept. 12.

—Mr. Arthur Moore of Indianapolis, proprietor of the best hotels in that city, is at the Dennison.

"How is Indiana going?" asked the Enquirer man.

"That is always the question in our State until after the election is over. Indiana is in doubt, much doubt, this time as ever. I do not hear as much silver talk in the city, but in the country it is. I understand, just as rampant as ever. If some of the counties where there are many German votes go for Bryan, as it is claimed they will, Bryan will get the State.

"I am a republican, but not a McKinley republican. I don't like his tariff ideas; think the bill he fathered did much injury to the American people. We have got to invite and hold our foreign trade if we flourish. Our average wheat yield is about 500,000,000 bushels, and we do not consume much more than half of it. Last year England took 150,000,000 bushels of wheat from us, 600,000 tons of meat—think of it—and \$20,000,000 worth of eggs, or one quarter of all the egg product. She paid for those products over \$400,000,000—more than \$1,000,000 a day—into our coffers, and now it is said to be good policy for our people to shut off the trade of that and all other nations in a great measure by building the tariff wall higher, and at the same time making our own people pay more for what they get at home. Not a bit of it for me. With freer trade wheat would get back to \$1 a bushel, where it should be, to give the farmer a chance to live and buy anything. Wheat is the true standard of value, and there is more intrinsic value in a bushel of wheat than there is in a bushel of gold. I am not sure about silver, though. It may be well enough to try it, as

things can not get much worse. If it succeeds it will be the greatest thing ever discovered. Don't think I shall vote at all. The republicans ought to have nominated Reed. Harrison or Allison. McKinley is a mediocre man and in the hands of other men."

WORKING MEN DENOUNCE A FORMER CHIEF.

New York, Sept. 12.—Workingmen responding to a call issued by District Assembly 49 K of L crowded Cooper Union tonight and protested against the speech of T. V. Powderly delivered in Cooper Union on Tuesday night.

After several speeches resolutions were passed bitterly denouncing Powderly as a Judas and a traitor to the cause of labor, attacking M. A. Hanel, endorsing the Chicago platform and praising W. J. Bryan.

GREAT BATTLES are continually going on in the human system. Hood's Sarsaparilla drives out disease and **Restores Health.**

LIBERIA MIGRATION PLANS.

Selma, Ala., Sept. 9.—There are 1164 negroes in this immediate section paying \$1 per head per month into the Migration Society, and early in December 800 will leave for Liberia. Thirty-two dollars pays a passage, gives a man six months' rations, twenty-five acres of land on which to raise coffee and five acres for a homestead.

Brownsville, Tex.

Horse Shoe, Clinax and Dr. Hammond's chewing tobacco at Jagoa

The Goodrich Real Estate AND Southwest Texas Immigration Bureau, JESSE O. WHEELER, Secretary. Brownsville, Cameron Co., Texas.

Cameron County is the extreme southern county of Texas. It is separated from Mexico by the Rio Grande on the south and has about 100 miles of gulf coast as its eastern boundary. It was organized in 1848, and contains 3308 square miles. Farming and stock raising are the principal industries of the people the location, climate and soil being admirably adapted for both. The greater portion of the soil is a rich loam, and produces an exceedingly heavy yield of both cotton and corn the chief farm products. Two, and sometimes three crops of corn, averaging from fifty to seventy bushels per acre, are raised yearly, while cotton will easily yield from one to two bales per acre. Grasses grow all the year, and stock find pasture without being fed or sheltered during the winter. But the soil and climate of the Lower Rio Grande Valley are by nature best adapted for the production of vegetables and fruits. Vegetables of all kinds grow all the year around, and northern people are astonished to find tomatoes, lettuce, spinach, English peas, etc., served fresh from the gardens in midwinter. This is undoubtedly the paradise of track gardeners, and so soon as rail transportation is obtained Cameron county vegetables by the car load will be shipped to northern markets during winter and early spring, and will obtain the highest prices, as there will be no competition. This is due to our exceedingly mild climate. Frequently the entire winter passes without a single frost, and there is rarely ever any cold weather before Christmas. Fruit culture has not been attempted in this county on a large scale, but there is one large banana plantation on which this delicious fruit yields most abundantly and in the greatest perfection. Grapes are also raised extensively, growing in almost every yard. They ripen from two to four weeks earlier than in any other section. Many planters here make all of their own table wines. Oranges and lemons also grow in profusion, and this section could easily be made to rival Florida in the production of oranges. Sugar cane is also one of the most important products of this valley. The Rio Grande plantation of Mr. Geo. Brulay and the Rabb Starek plantation produce great quantities of cane, which is all manufactured on the Rio Grande plantation. This cane makes sugar which is produced by experts to be even superior to the best Louisiana product. Havana tobacco has also proven a success here. Col. J. G. Tucker having made some most successful experiments with it; his samples were classed by New York buyers as equal to the best Havana.

The county is watered by the Rio Grande with its ample flow along the southern boundary, and numerous small streams called "arroyos," and "resacas."

The population of Cameron county according to the census of 1890 is 13,424. Brownsville, the county seat, has a population of about 7000 Point Isabel, the seaport of the county, has about 400 inhabitants and Santa Maria, a growing little river settlement, has about 250.

Improved lands sell for from \$5 to \$25 per acre, unimproved for from \$2 to \$6 per acre. The average taxable value of land is \$1. There are 82,240 acres of school land in the county. The county has a total school population of 4400, and gives employment to 80 teachers. The average length of the school term is five months. The total tuition revenue received from the State is \$13,000. There are a number of public schools in the county, affording ample educational advantages.

Homeseekers are gradually beginning to find their way to this land where farmers can work in the open air 365 days in the year, but it is comparatively undeveloped as yet. With the building of the railroad to Corpus Christi, however, a great influx of settlers may be expected and they will be heartily welcomed. This valley is capable of supporting millions of people. THE HERALD will be pleased to furnish any further information regarding the Lower Rio Grande Valley that readers abroad may desire.

1st. 300 acres of land, two miles from city hall of Brownsville, situated on Resaca la Guerra, and a horse-shoe affluent of such resaca, on mail road, suitable for fruit orchards, 30 acres now in irrigation, with pecan, walnut, chestnuts, plum, peach, pear, apricot, cherry, Japanese persimmon, fig grape and ribbon cane. Can be sub-divided into 5 or 10 acre lots, giving each abundant water supply, there being a depth of 5 to 15 feet of water all seasons of the year. Price \$10 to \$25 per acre, according to location. Will sell in a body at special rates.

2d. 32 pieces adjoining, one of 200 and the other of 120 acres, situated on Resaca Rancho Viejo, five miles from city hall on mail road. Both pieces almost surrounded by water of 10 to 15 feet in depth, 40 acres under irrigation. This land is equal to if not superior to the Mississippi bottom lands, and can be made a paying investment for a fruit orchard or truck gardening. Can be sub-divided into 5 to 10 acre lots. Price \$10 to \$25 per acre; whole tract on special terms.

3d. 160 acre tract two miles from the city of Brownsville, on resaca, with good water supply. Ebony, Mesquite, Ash, Hackberry and other timbers. Alluvial soil. To one who desires to sub-divide in small tracts, this is a paying investment. Sold in bulk only. Price \$10 per acre.

4th. 25,000 acres in one body, having a frontage of about six miles on the Rio Grande Railroad on the south, and the Arroyo Colorado on the north. Well timbered along the streams and lakes; balance prairie. Includes within its limits the famous battle fields of Palo Alto and Resaca de la Palma. Arable and pasture. Price \$3, per acre.

5th. A tract adjoining No. 4, which together with that tract will include 100,000 acres in one body very desirable. Special terms to colonist.

6th. 10,000 acre tract about three miles, from the Arroyo Post Office. This land is well timbered and watered, soil alluvial, adapted to fruits, cotton, corn, cane, etc. Special terms to any one buying tract, obligating to colonize.

7th. 1600 acre tract, fronting on the Rio Grande, about twenty miles from Brownsville and 8 miles from Santa Maria, 300 acres under cultivation on low lands on river front. All good arable land. Price \$3 per acre.

8th. 725 acres, triangular form, fronting on Rio Grande, 16 miles above Brownsville, good land. Well watered. Price \$3,000.

9th. Numerous tracts of pasture lands from 1000 to 5000 acres each in different parts of the county.

10th. This is a very desirable place for a small fruit or truck farm, containing 10½ acres, with a new brick dwelling of 6 rooms, frame stable and other out-houses, and large underground cistern; three miles from Brownsville on Resaca de la Palma on the county road.
